Silent Hub™
Your space to focus

Introducing SilentHUB

In fast paced corporate environments, noise and interruptions are more than just distractions. They are barriers to productivity. SilentHub by DotWorkplace provides a ready to use acoustic booth designed to meet the evolving needs of today's workplaces. Engineered for focus, SilentHub creates a private space for calls, video meetings, or quiet work without the need for costly renovations. Its compact footprint fits seamlessly into open plan offices, while high performance acoustic panels ensure speech privacy and sound clarity.

From HR to leadership teams, SilentHub helps employees stay connected and productive, all while enhancing the professional atmosphere of your workspace. With sustainable materials, plug and play setup, and a sleek design, it is the smart solution for companies that value efficiency, wellbeing, and modern design.

1 **Ventilation System** – Ensures optimal airflow for a comfortable environment.

2 **Integrated Worktable** – Compact and functional workspace for productivity.

3 **Power Module** – Equipped with universal sockets and USB ports for device connectivity.

4 **Caster Wheels** – Provides mobility with stability for easy repositioning.

5 **Acoustic Insulation** – Advanced soundproofing materials reduce external noise, creating a distraction-free environment ideal for calls, meetings, and focused work.

Key Features

- Achieves up to 36.9dB noise reduction for enhanced focus and privacy.
- High-performance foam and fabric Padding minimize echo and external noise.
- Integrated fan with 360° timer ensures consistent airflow and user comfort.
- Equipped with USB-C, USB-A, and RJ45 ports to support modern work needs.

Sustainability

At DotWorkplace, sustainability drives our design philosophy. SilentHUB uses PET-based acoustic panels made from recycled plastic, reducing environmental impact without compromising performance. The powder-coated metal frame and durable parts are long-lasting and fully recyclable. Its modular structure supports easy relocation and minimizes on-site installation waste. We ship in plastic-free, reusable packaging—encouraging circular practices from factory to office. Even the smallest details, from fasteners to finishes, are chosen with eco-responsibility in mind. With SilentHUB, smart design meets a greener future.

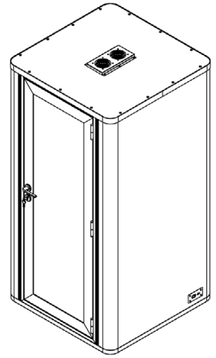

Specification

Silent Hub	Single Seater	Two Seater	Four Seater	Six Seater
Dimensions (L×D×H)	1100 × 1100 × 2200 mm	2000 × 1500 × 2200 mm	2430 × 2430 × 2200 mm	2430 × 3000 × 2200 mm
Panel Material	Fabric exterior, 9mm acoustic panel inside			
Exterior Finish	Laminate finish for easy cleaning			
Acoustic Performance	30–36.9 dB sound reduction			
Lighting	1 × 4W, 6500K LED	4 × 4W, 6500K LEDs	6 × 4W, 6500K LEDs	6 × 4W, 6500K LEDs
Ventilation	2 exhaust fans (30 dB)	4 exhaust fans (30 dB)	4 exhaust fans (30 dB)	12 exhaust fans (30 dB)
Electrical Module	6-module plate (1 switch, 1 socket, USB, C-type, RJ45)	8-module plate (2 sockets, USB, C-type, RJ45)	Multiple modules with same spec	Multiple modules with same spec
